World-Toques warranty stars for World-Toques Star-Chefs/  
Maîtres and certified World-Toques Star-Restaurants

Many restaurant guides work with symbols, for example, notes,  
cutlery, toques, flowers, diamonds, macaron, spoon, etc.  
forgiven by critics. We wish, however, to be rated authentically  
and vividly by guests.

You can truly give World-Toques warranty stars for the courts  
and thus their own, the true verdict on the respective cases  
cuisine. The guests get the opportunity to their favorite  
restaurants to recommend them to other friends of good  
cooking with fresh and naturally produced foods.

Selected and evaluated by the strictest jury,  
you can imagine:  
Our restaurant guests

The verdict of our guests will be expressed in a scale of one  
to three World-Toques warranty stars:

How many warranty stars do you give to

hotel/restaurant \_\_\_\_\_

In \_\_\_\_\_

- very good kitchen ★ (1 WT-Star)
- extraordinary culinary delights ★★ (2 WT-Stars)
- excellent taste ★★★ (3 WT-Stars)

We assure you the utmost discretion in respect of third persons!
